# Part A: Pupil premium strategy plan

## Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including progress for those who are already high attainers.

We will consider the challenges faced by vulnerable pupils, such as those who have a social worker and young carers. The activity we have outlined in this statement is also intended to support their needs, regardless of whether they are disadvantaged or not.

High quality teaching is at the heart of our approach, with a focus on areas in which disadvantaged pupils require the most support. This is proven to have the greatest impact on closing the disadvantage attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Implicit in the intended outcomes detailed below, is the intention that non-disadvantaged pupils' attainment will be sustained and improved alongside progress for their disadvantaged peers. The school adopts an innovative approach to teaching based around the principles of Assessment for Learning. The school does have its own, individualised and quite unique 'brand' of teaching using 'cutaway' which is based upon the principles of effective AfL.

Our strategy is also integral to wider school plans for education recovery, notably in its targeted support through the National Tutoring Programme for pupils whose education has been worst affected, including non-disadvantaged pupils.

Our approach will be responsive to common challenges and individual needs, rooted in robust diagnostic assessment, not assumptions about the impact of disadvantage. The approaches we have adopted complement each other to help pupils excel. To ensure they are effective we will:

- ensure disadvantaged pupils are challenged in the work that they're set
- act early to intervene at the point need is identified both during lessons and at assessment points
- adopt a whole school approach in which all staff take responsibility for disadvantaged pupils' outcomes and raise expectations of what they can achieve

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
------------------	---------------------

1	Internal and external (where available) assessments indicate that reading, maths, writing and spelling, punctuation and grammar subject attainment among disadvantaged pupils is below that of non-disadvantaged pupils (but above national). However, the gap is already large when the children join us from Key Stage 1.
2	Our observations and discussions with pupils and families have identified social and emotional issues for many pupils, and a lack of enrichment opportunities. These challenges particularly affect disadvantaged pupils, including their attainment. Teacher and parent referrals for emotional and behavioural support have markedly increased since the pandemic. 89 pupils (71 of whom are disadvantaged) currently require additional support with social and emotional needs, with all of them receiving individual or small group interventions.
3	Our attendance data last year indicates that attendance among disadvantaged pupils was 1.6% lower than for non-disadvantaged pupils. Last year 22% of disadvantaged pupils were 'persistently absent' compared to 8% of their peers during that period. This is less than the previous academic year (25%).

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Higher percentage of PP children making expected progress and greater than expected progress in writing, SPaG and maths.	KS2 reading, writing, SPaG and maths outcomes in 2022/23 show that more disadvantaged pupils met the expected standard (see table of last year's data at the end of this document)
To achieve and sustain improved wellbeing for all pupils in our school, particularly our disadvantaged pupils.	Sustain the high levels of emotional wellbeing from 2022-23, demonstrated by: <ul style="list-style-type: none"> <li>assessment graph data pre and post Room 5 support</li> <li>pupil surveys</li> <li>family surveys</li> </ul>
To achieve and sustain improved attendance for all pupils, particularly our disadvantaged pupils.	Sustained high attendance for 2023/24 demonstrated by: the percentage of PP pupils who are persistently absent being below 20%

## Activity this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Date	Funding name	Amount	Details
April 2023	Recovery Premium Funding	£23,490	At Abbotswood we have made the decision to employ an additional teacher. In the first instance this has enabled us to have a 6th Y5 class, meaning all Y5 classes are smaller than usual, giving the children a better teacher to pupil ratio at a time when they need the most support.

## Part B: Review of outcomes in the previous academic year

### Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2022 to 2023 academic year.

#### Year 6 SATs data

Writing	103.6	+1.4
Maths	105.9	+0.1
Spelling, punctuation and grammar	108.1	+0.9

Emotional wellbeing (Room 5 ELSA)	90% of children improved their score in the pre and post intervention ELSA assessment. All children who needed emotional support were provided with that support.
Improve PP attendance	The attendance of our disadvantaged pupils was 92.5% (down 0.3% compared with previous year). 22.9% of PP pupils were persistently absent which is a decrease of 2.7% compared with the previous year. This is an area we will continue to target via our safeguarding and attendance action planning.
Clubs across the school	<p>PP children were given first priority in choosing sports clubs. The sports coaches and office staff worked together to call parents and sign them up. 93 children to represent the school at a sporting event so far this year have been PP pupils.</p> <p><u>PP Club attendance 22-23</u></p> <p>Autumn- 80  Spring- 76  Summer- 93</p>
