Home Learning Update Autumn Term

Dear Parents/Carers,

It has been fantastic to see so many children practising their times tables recall at home using Times Tables Rockstars and enjoying reading on the new e-books platform. We would really appreciate your support with continuing to encourage your child to engage with both of these home learning activities as they are such important skills to master.

After listening to feedback from parents, we are adding to our home learning provision with an **optional** set of Maths, English and topic linked tasks for each year group. These will be uploaded onto the school website **every two weeks** on a Monday for parents and children to print off at home. They can be found under the 'Learning' tab. Due to safety measures in place to prevent the spread of Covid-19, teachers are, unfortunately, unable to collect these in. However, we are aware that many parents would appreciate the additional resources to support their child with learning at home.

Class teachers have been very impressed with the number of children using Times Tables Rockstars and reading at home so far this term. These continue to be the most important skills you can practise so we would love to see this effort and enthusiasm continue.

If you have any questions about home learning, please contact your child's class teacher via the school office. Thank you for your support with helping your child to learn at home.

Yours sincerely,

Mrs Lucy Howard
Assistant Headteacher
